Communication skills

Good communication skills as a result of professional and social related interaction with various social groups like scientist researchers, teachers, business people and representatives of local administration which helped me to develop my communication capacity and adapting language according to the context. On the other hand, studying social communication and attending several training sessions also helped me to improve my communication skills.

Organisational / managerial skills

- good team-leading skills gained as assistant researcher and as volunteer for extracurricular activities in university.

Job-related skills

- good command of quantitative methodology and statistical analysis techniques
- good mentoring skills (as a teaching assistant and students association member, where we offer advice to undergraduate colleagues concerning their working papers)

Digital skills

- good command of office suite (word processor, spread sheet, presentation software)
- good command of statistical softwares (Excel, SPSS)
- basic command in RStudio
